

Dear WRMSDC Corporate Members, Certified MBEs, and Strategic Alliance Partners,

We have reached the next step in our transition from the Northern California MSDC (NCMSDC) to the Western Regional MSDC (WRMSDC). **This phase involves switching our domain and emails from “@ncmsdc.org” to “@wrmsdc.org,” and will go into effect as of Monday, June 2, at 9:00 a.m. PDT.** This means that we will not receive any emails sent to our @ncmsdc.org email accounts starting on Monday; anyone emailing these accounts will receive an auto reply, along with a request to update your contact book and forward your email to the new email address.

To avoid confusion, we have used our old emails as models for a majority of the new ones. For example, certification@ncmsdc.org will change to certification@wrmsdc.org and opportunities@ncmsdc.org will change to opportunities@wrmsdc.org. **For a full list of our new emails, please [click here](#).**

Additionally, to ensure that we maintain an effective line of communication with all of our constituents, and to aid in a smooth transition process, please whitelist the following domain and emails:

- @wrmsdc.org
 - o The domain that is accessed when you send and receive emails to/from us
- relay@adaptone.com
 - o The email that we use to send opportunities, upcoming events, and important Council information
- noreply@WRMSDC.org
 - o Linked to the email that we use to send opportunities, upcoming events, and important Council information

Thank you for your patience and support throughout this transition process. Should you have any questions, please email us at info@wrmsdc.org.

Sincerely,
Western Regional Minority Supplier Development Council
Proudly Serving Northern California, Nevada, and Hawai‘i
